Dear Chris:

Subject: Allegany Ballistics Laboratory, Site 1 Treatment Plant Construction -
Addendum to Instrumentation and Control Specifications

Attached are the Site 1 treatment plant design specifications which have been amended to specify that OHM is responsible for procuring, programming, and installing the PLC, computer hardware, and human-machine interface. Copies have been forwarded to OHM for their use. The amended specifications are Section 13000 Instrumentation Components, Section 13390 Package Control Systems, and Section 13402 Process Instrumentation and Control Systems.

We appreciate the opportunity to provide our services to the Navy. Please call me if you have any questions concerning this submittal.

Sincerely,
